Charles Taker, a seasoned practitioner with over 25 years of experience in faith education, including the last 15 years coordinating the RCIA process at St. Patrick's Basilica, will provide a hands-on session especially geared towards new members of parish RCIA teams. This three-hour session, given in English, will explore the adult initiation process, provide an overview of the ritual book and discuss pastoral issues and practical applications.*

****It would be helpful (though not obligatory) to borrow your parish's RCIA ritual book and bring it to the session.***

This session is intended for pastoral staff involved in parishes or others who are in charge of preparing adults for Baptism (priests, deacons, PCLs, catechists, etc.). Although it is primarily intended for new members of parish RCIA teams, pastoral members with longer experience in adult sacramental preparation who think they can benefit from this session are also welcomed to attend.
