

**COMMUNIQUÉ No. 27 (continued) — January 25, 2021**  
**ADDITIONAL INFORMATION**  
**To Pastors, Pastoral Teams and Religious Communities**

Brothers and Sisters,

Contrary to previous measures, Public Health has informed us that **small groups are not permitted in adjacent rooms in the church**, whether or not they have separate entrances, nor for Masses (10 participants, not including those leading the liturgical celebration) or funerals (25 participants, not including those leading the liturgical celebration).

We encourage you to follow these instructions for the brief interim while we await further directives from Public Health.
